COME **PLAY** AMONGST
ANYTIME & **OUR WORLD.**

Let's jump in the Ute and do some circle work in the paddock! Yep, its time to get down and party Aussie Bush style.

Our theme epitomizes the Australian bush or outback, with an assortment of wool bales, hay bales, wooden barrels and crates, wagon wheels, kero lamps, saddles, bridles and horse-gear, all set around your venue to complete the "true blue" scene. An old colonial hut from the bush with its original corrugated roof, stands proud in front of the 6 m high back drop depicting Australia's sunburnt country at its best. Along side centre stage is a large 3.8m windmill and adjacent rests 1.5m Aussie wagon, perfect resting place for a heart pumping bush whacking band.

Ficus trees soften the harsh land settings and cutouts of local friends like the cockatoo, rosella and finch stand proud in their place representing their home. Native Aboriginal paintings and dynamic giant 2m high didgeridoo's are the perfect complement to any dreamtime dance troupe.

So the boys from the bush can line dance in the dirt and the sheila's can sing to the rolling planes! As your guests will leave proud, "still calling Australia home"!
