COME **PLAY** AMONGST
ANYTIME & OUR **WORLD.**

When people think of summer, they think of white sandy beaches, steaming hot sand, the sound of crashing waves and a moment in time to party with their mates. Let's face it; everyone loves a "Beach Party".

Guests are directed to the beach via the "Surf Club" entrance. Clearly identified by the iconic safety flags, the life guards chair, his reel and the sun protector hut. The sign reads "Life Guard" on duty, so stick to the rules!

Guests will be surrounded with a series of images that truly reflect a beach scene. A massive 10m x 6m backdrop illustrates a 'perfect day at the beach' which is fully displayed and complemented by another scene full of 'multi coloured umbrellas'.

Two unique cut-outs will be displayed and up-lit which depict a surfer girl and a beach boy. These cut-outs appear without a head piece, and serves as a photo opportunity for guests to use and enjoy. More cut-out's will be displayed and up-lit, that portrays a bright beach scene with a palm tree.

A classic beach hut will be an added feature that can also act as a servery/bar for guests to mingle around and enjoy their pre-dinner beach cocktails.

Splash the room with some more colourful fish, a life savers chair, a fibreglass surfboard, beach umbrellas, large sea shells, life preservers, a boat, seagulls and of course, palm trees and then you have your own "Touch of Paradise"!
